

**PRESENTATIONS**

Spall, J. C., "Evaluation of Primary Parameters in the Presence of Nuisance Parameters," Dept. of Biostatistics Faculty Research Seminar, VCU/Medical College of Virginia, Richmond, Va. (9 Nov 1990).

"A Perspective on the Kalman Filter," Dept. of Biostatistics Faculty Research Seminar, VCU/Medical College of Virginia, Richmond, Va. (9 Nov 1990).

The following papers were presented at the Mid-Atlantic Regional Probability and Statistics Day, George Washington Univ., Washington, D.C. (20 Oct 1990):

Concentration for Posterior Density Functions.
Spall, J. C., and Maryak, J. L., "Bayesian Estimation of Quantiles of Circular Error from Non-LiD. Data."

The following papers were presented at the SHARE 76 Meeting, San Francisco, Calif. (24 Feb–1 Mar 1991):

Hart, E. F. (APL), and Umamaheswaran, V. S. (IBM), "Impact of the IBM Response to the ASCII/EBCDIC Paper on the C/370 Compiler."

———, "CDRA: Character Data Representation Architecture Impact on Communications."
Weintraub, D. M., "APL2 External Functions Demonstration."

COLLOQUIA

12 Apr 1991—"Phase Transitions in Limited-Connectivity Neural Networks," K. J. Strandburg, Northwestern University and Argonne National Laboratory.

10 May—"Meeting the Greenhouse Challenge," T. Schelling, University of Maryland.

17 May—"The Single Electron Transistor," M. Kastner, Massachusetts Institute of Technology.

24 May—"Advances in the Treatment and Understanding of Coronary Artery Disease," T. Fischell, Stanford University.
