PUBLICATIONS

Johns Hopkins APL Technical Digest, Volume 13, Number 4 (1992) 533
The following papers were presented at the 20th Electromagnetic Window Symposium, Georgia Tech. Research Institute, Atlanta, Ga. (15–17 Sep 1992):

The following papers were presented at the American Statistical Assoc. Annual Meeting, Boston, Mass. (9–13 Aug 1992):

- Spall, J. C., Silberman, G. L., and Maryak, J. L., "Confidence Bounds for the Estimation Error in Adaptive Kalman-Type Filters."

### COLLOQUIA

2 Oct—"Nonmechanisms for Transporting Atoms, Molecules, and Other Small Objects," N. C. MacDonald, Cornell University.

9 Oct—"Aeronautics Department: From Bumblebee to the Twenty-First Century," Introduction, G. R. Garrison; Engineering Programs in the Aero Department, J. T. Stadler; Applications of Fluid Dynamics, J. J. Wozniak; From COBRA to NASP: 48 Years of Ramjet Engine Development at The Applied Physics Laboratory, P. J. Waltrip; Meeting New Opportunities, F. G. Arcella; APL.

23 Oct—"The Mathematics of Card Shuffling and a Self-Organizing List Scheme," J. A. Fill, JHU.

30 Oct—"Polarization Vision," L. B. Wolff, JHU.
