PUBLICATIONS

APL staff members were authors or co-authors of the following unclassified books and technical articles that were recently published:

Moore, R. C., Chap. 11, "Spacecraft Data Processing."
Matsuoka, R. H., Chap. 12, "Spacecraft Reliability and Quality Assurance.
Peterson, M. R., Chap. 13, "Spacecraft Integration and Test."

PRESENTATIONS

APL staff members were among those who gave the following unclassified presentations:

McCally, R. L. (APL), and Connolly, P. J., Jain, S., and Azar, D. J. (JHU), "Objective Measurements of Haze Following Therapeutic Excimer Laser Ablation of Cornea," OE-LASE Symposium, Los Angeles, Calif. (22-29 Jan 1994).

McCally, R. L. (APL), and Jain, S., Smith, J. Hahn, T. W., Chen, W., and Azar, D. T. (JHU), "Evaluation of the Role of DNA
Colloquia

The following topics were recently presented at the weekly APL Colloquium:

1 Apr: "Low Vision Enhancement: Applications of Virtual Environments," R. W. Massof, JHU.
15 Apr: "Kicking and Splitting Atomic Beams with Light," L. S. Goldner, National Institute of Science and Technology.
29 Apr: "Synchronizing Chaotic Circuits," T. L. Carroll, NRL.

13 May: "Statically Multichip Packaging," R. Tummala, Georgia Institute of Technology.
20 May: "Under Our Feet: Dinosaurs of the East Coast," D. B. Weishampel, JHU.
27 May: "Transportation Research at APL," D. L. Kershner, R. L. Yuan, and K. E. Richeson, APL.
