

Data Rights Assertion Table
 Noncommercial technical data and noncommercial computer software
For deliverables only | Do not list hardware

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following noncommercial technical data or noncommercial computer software should be restricted:

SOW Task or Milestone requiring the data deliverable	Noncommercial technical data or noncommercial computer software to be furnished with restrictions¹	Basis for assertion² <i>(Choose One)</i> None Developed exclusively at private expense Developed partially at private expense Generated under an SBIR contract	Asserted rights category³ <i>(Choose One)</i> None Government Purpose Rights Limited Rights (Technical Data) Restricted Rights (Software) Specifically Negotiated License Rights in SBIR data	Name of person asserting restrictions⁴
(LIST)	(LIST)⁵	(LIST)	(LIST)	(LIST)
<i>i.e. SOW – Task 1</i>	<i>Software, schematics, technical reports relating to chipset or patent #</i>	<i>Exclusively Private</i>	<i>1 – Gov't Purpose License Rights</i>	<i>Contractor's Name</i>

If there are no data rights to be asserted, please write or select "NONE" in row 1, complete the information below and return with proposal.

¹ For technical data pertaining to items, components, or processes developed at private expense, identify both the deliverable technical data and each such item, component, or process. For computer software/ software documentation, identify the software or documentation.
² For technical data, development refers to development of the item, component, or process to which the data pertain. For computer software, development refers to the software. The Government's rights in computer software documentation generally may not be restricted.
³ Asserted rights categories, generally include "government purpose rights," "SBIR data rights," "limited rights," "restricted rights," or "specially negotiated license rights."
⁴ Corporation, individual, or other person as appropriate.
⁵ Enter "none" when all noncommercial technical data or noncommercial computer software/software documentation will be submitted without restrictions.
